

# Linguistic travel package

## Academia Cienfuegos

Learn Spanish and discover a country

Cienfuegos, Cuba

**Faro Luna hotel**  
Gran Caribe  
Grupo hotelero

A lovely little hotel that has everything to make your linguistic travel a complete success.

Without a doubt, our favorite place in the area.

The two-storied buildings have a modern architecture style. The 46 rooms have a fantastic view of the sea. As quoted in the travel guide « Le Routard » : « pleasant hotel with human dimension ».

The hotel grounds have lush green spaces dotted with palm trees. Rooms are comfortable and spacious; a nice swimming pool, a small shop and a bar that is open until 11 PM. The Rancho Luna beach is at a 5 minute walk from the hotel.

The staff is very welcoming and make their duty to converse in Spanish, thereby helping the students to practice their new acquired language skills.

## Off the beaten track

10 km North of Cienfuegos is located the town of Palmira, where you will be invited to attend **a show in the temple of the Santeria** (for a group of 12 people or more). This religion is born from the amazing syncretism between Catholicism and African's animist practices. On the program : *The Orishas, Santeria's divinities*. The smaller groups will visit the Botanical Garden of Cienfuegos.

Over the years, Cuba has developped renewed art schools to offer an education that is very open to creativity and is unbending about strictness and professionalism. You will have the chance to **visit the provincial school of art or the graphic workshop**.
